### What is Critical Illness Insurance?

- It pays a lump-sum benefit if you are diagnosed with a covered illness or condition on or after your coverage effective date.
- You have the option to elect Critical Illness Insurance.

Critical Illness Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Features of Critical Illness Insurance include:

- **Guaranteed Issue:** No medical questions or tests are required for coverage.
- **Flexible:** You can use the benefit payments for any purpose you like.
- **Portable:** If you leave your current employer or retire, you can take your coverage with you.

### Who is eligible for Critical Illness Insurance and what are the coverage amounts?

**You**—all active employees working 20+ hours per week.

- You may elect a Critical Illness benefit amount of \$10,000, \$20,000 or \$30,000.

**Your spouse\***— Coverage is available only if employee coverage is elected.

- You may elect a spouse Critical Illness benefit amount of \$5,000, \$10,000 or \$15,000.

**Your children\*\***— birth to age 26. Coverage is available only if employee coverage is elected.

- You may elect a children's Critical Illness benefit amount of \$5,000, \$10,000 or \$15,000.

\* The use of "spouse" in this document means a person insured as a spouse as described in the certificate of insurance or rider. Please contact your employer for more information.

\*\* The definition of "child" may vary by state. Please contact your employer for more information.

### When is my coverage effective?

The coverage effective date is the date you are eligible to begin filing claims. The diagnosis of the covered condition must occur on or after the coverage effective date.

#### 2020 Annual Enrollment

- Your coverage becomes effective on January 1, 2020, following the election of coverage. Coverage for your spouse and/or children becomes effective on the same date as your coverage, if elected.

#### New Hires

For new hires, after the initial enrollment period, please refer to the certificate of insurance to learn when your coverage will become effective.

### What benefits are available?

Critical Illness Insurance provides a benefit payment upon the diagnosis of an illness or condition shown below. Covered illnesses/conditions are broken out into groups called "modules." Benefits are payable at 100% of the Critical Illness benefit amount unless otherwise stated. For a complete description of benefits, exclusions and limitations, refer to your certificate of insurance and riders.

#### Base Module

- Cancer
- Stroke
- Major organ transplant\*\*

- Carcinoma in situ (25% of critical illness benefit amount)

\* A sudden cardiac arrest is not in itself considered a heart attack.

\*\* Major organ transplant means the irreversible failure of your heart, lung, pancreas, entire kidney or liver, or any combination thereof, determined by a physician specialized in care of the involved organ.

### Quality of Life Module

- Occupational HIV or Hepatitis B or C

### What additional benefits does my Critical Illness Insurance include?

The benefits listed below are also included with your Critical Illness coverage.

- **Wellness Benefit:** This provides an annual benefit payment if you complete a health screening test.
  - Your annual benefit amount is \$50 for completing a health screening test.
  - Your spouse's annual benefit amount is \$50 for completing a health screening test.
  - The annual benefit amount for each child is 50% of your benefit amount with an annual maximum of \$100 for all children.

### How many times can I receive a benefit payment?

Each benefit payable will be no more than 100% of the Critical Illness benefit amount. The maximum amount payable during the insured person's lifetime is called the total maximum benefit. You may be eligible to receive benefit payments for multiple conditions, up to the total maximum benefit amount. Each diagnosis must be a different diagnosis.

The total maximum benefit amount equals two times the Critical Illness benefit amount for each covered condition. Once the total maximum benefit for a covered condition has been paid, no further benefits are payable for that same covered condition.

Please refer to your certificate of insurance and riders for more information.

### What do you mean by different diagnosis?

To be eligible for a benefit payment, the diagnosis must be a "different diagnosis" than any previously diagnosed illness or condition. This can mean any of the following:

- An insured person has a diagnosis of a covered critical illness that is **different from a previously diagnosed illness or condition**. A cancer that has spread to a different area of the body is not a different illness/condition than the previously diagnosed cancer.
- An insured person receives a **subsequent diagnosis of a covered critical illness that is for the same illness or condition\* as a critical illness for which benefits were payable under the critical illness insurance policy**. The subsequent diagnosis must occur more than 12 months after the date of the previous diagnosis.
- An insured person receives a **subsequent diagnosis of a covered critical illness that is for the same illness or condition\* as an illness/condition previously diagnosed prior to his/her coverage effective date under the critical illness insurance policy**. The subsequent diagnosis must occur more than 12 months after the date of the previous diagnosis.

\*Including a cancer that has spread to a different area of the body

Exclusions and limitations vary by state and by your employer's plan. Please review your certificate of coverage for details.
